

Felgenreiniger K

Rim cleaner, acidic

page 1 of 1

Highly concentrated powerful, acidic cleaner for removing inorganic dirt such as rust bloom, limescale, brake particles, etc., from acid-resistant surfaces such as paint, glass, ceramic and metal parts. Corrosion inhibitors protect temporarily against corrosion. With Daimler approval.

Areas of use

Acid-resistant surfaces of cars, commercial vehicles, etc.

Recommendations for use

Depending on the dirt accumulation, apply a 1:3 to 1:20 solution to the whole of the rinsed areas, allow to react for a short time, where necessary use a brush or sponge and use a high-pressure cleaner to rinse off thoroughly.
